Case Committee

Each year’s FDI Moot Case Committee begins its work the preceding June. Liaising with the FDI Moot’s Board and Organisers, it develops a fact scenario and procedural background. Generally, the case evolves on the basis that the home and host State are parties to an IIA (BIT, MIT, etc), the New York Convention of 1958 and the Washington (ICSID) Convention of 1965. Generally, each year’s case will involve one or two “procedural” issues (e.g. jurisdiction, admissibility, interim measures, disqualification of arbitrator) and one or two “substantive” issues (e.g. expropriation, denial of justice, discriminatory treatment, violation of fair and equitable treatment and/or full protection and security standards). The Case Committee submits its final draft to the FDI Moot Organisers and Board for approval at the end of the preceding year, and the case is then published in February each year. The Case Committee remains responsible for responding to any requests for clarification (if scheduled) between June and August of each year.

The 2018 case arises from the Government of Kronos inviting a foreign (ostensibly Ticadian) mining company to exploit rare earth deposits of “lindoro” - until a few years later, a scientific study indicating water contamination from the mine (and injury to human health) along with a political ideology to repatriate control of key economic sectors prompt, inter alia, an immediate prohibition of lindoro mining, termination of the Claimant’s concession and the complete collapse its business. The SCC Tribunal is asked to examine the Claimant’s nationality with respect to the BIT invoked, the admissibility of its claims (in light of the BIT’s “fork in the road” clause) and the Respondent’s counter-claims as well as adjudicate the scope of the parties’ respective obligations, in particular with regard to expropriation, protection of the environment and human health under the Kronos Ticadia BIT.

Ms Alais is an FDI Moot alumna of 2016 and 2017, Universidad de San Andrés, Argentina
Mr. Jain is an FDI Moot alumnus of 2017, National Law School of India University, India
Ms. Pineda is an FDI Moot alumna of 2016 and 2017, De La Salle University, College of Law, Philippines

Bench Brief Committee

Each year’s FDI Moot Bench Brief Committee begins its work in March. It analyses the fact scenario and procedural background of the case and may submit confidential requests for clarification to the Case Committee (contemporaneously with the requests of the competing teams) and may liaise with the Case Committee and the Organisers regarding proposed responses to the requests. The FDI Moot’s Bench Brief Committee submits its final draft of the Bench Brief to the Organisers one week before the memorial deadline each year. The Bench Brief Committee may submit a revised draft one week before the orals if it believes the teams’ memorials have raised relevant, not previously considered arguments.

Ms. Samsonova is an FDI Moot alumna of 2015, 2016 and 2017, MGIMO University, Russia

Pre Moot Organisers

The Thomas Wälde Team Fund

In October 2008, the late Prof. Thomas Wälde and Ian Laird initiated a fund to support teams’ participation in the FDI Moot. In 2018, over €8000 have been distributed among eight teams. For teams from many countries, travel expenses to and accommodation costs at the hearing venue remain significant obstacles, thus we would like to thank those that responded to our appeal: Professor William Fox, the International Academy of Trial Lawyers (IATL), the Society of International Economic Law (SIEL), and Skadden without whose substantial support many, if not all, of the four African teams might not have been able to join the rounds in Stockholm.
